

INTELLIGENCE DIVISION USAREUR REPRESENTATIVE
OC4, American Embassy - Box 105
APO SC, US Forces

SUBJECT: Clarification as to Locality of Technical Coverage
Release to LfV

TO: Commanding Officer
Lafayette Barracks & Research Detachment
ATTN: Mr. Hermann
APO 757, US Forces

1. (U) The attached release was received without any indication as to where the conversation took place. Since Department III of the LfV is extremely interested in the contents it has asked that the locality be pinpointed and whether it might receive subsequent releases of this particular coverage.

2. (C) Since there appears to be no record of an Brian USAREUR in the files of this office, and since there is no other way of identifying the attached, it has been concluded that this may have been a matter of chance coverage, or that it may have been requested by an LfV. Would you kindly advise.
